

## Quickest Sell-Out in Chevy Centre's History!

In just 48 hours, tickets for country singer Carrie Underwood's June 11 show at the Youngstown Chevrolet Centre are sold out. "This is a great event for The Chevrolet Centre and the city of Youngstown. Selling all available tickets in such a short period of time is a perfect way to show the concert industry that the Valley will support these major events," says the venue's Executive Director, Eric Ryan.

A spokesperson at the center said yesterday that a few tickets may be released on the day of the show but no more will be available until then. They went on sale Saturday and sold for \$35, \$45 and \$55.

Underwood is the 2005 winner of American Idol who has scored on the country charts with the hits "Jesus Take the Wheel" and "Before He Cheats."

Jason Michael Carroll is opening for her at the Chevy Centre show, which is her first Youngstown concert.
